A B O U T U S

We feel pleased to introduce ourselves as manufacturers of Finished Leather and Leather Products established as **S. S. International**, since 2000. We are based in the central part of India, Kanpur.

Our **Leather Tannery** was inherited by our founder, Mr. Jamshed Iqbal from his forefathers whose establishment goes back to the 1960's. Today our tannery division is capable of producing more than 100,000 Sq Ft of top-quality belting leathers every month. Tannery division has always given us contentment by fulfilling our vision of flawless deliveries with notable quality products at the right time, at the right place, and most remarkably at the right price.

In **Entura**, We specialised in manufacturing high quality leather belts for our established customer base. Our belt production facility is equipped with technically skilled labours, latest machines of international standards along with professionally managed quality control systems. Our commitment to using the best machinery and craftsmanship sets us apart as a leader in the leather goods industry.

In today's fast growing and changing fashionable world for leather belts, we aim to deliver the best products which are trendy, durable and can be produced at competitive pricing.

PHILOSOPHY

SOCIAL RESPONSIBILITY

Our team works closely with suppliers to ensure that animal welfare is our top priority, and we use high-quality Vegetable tanned and re-tanned leather that is Organic as well as Eco-friendly. We also ensure that our manufacturing process is safe for our workers and the surrounding community.

MACHINERY AND CRAFTSMANSHIP

Our machinery is specially designed to cut, shape, and stitch leather with precision and efficiency. We also rely on skilled craftsmen who carefully inspect and finish each belt by hand, ensuring that every product meets our strict standards of quality.

SUSTAINABILITY

Committed to reduce environmental impact and minimizing waste through responsible sourcing of materials, efficient production processes, and effective waste management. We prioritize the use of sustainable and eco-friendly materials, such as vegetable-tanned leather, and are continuously exploring ways to further reduce our carbon footprint.

CUSTOMER TO CONSUMER SATISFACTION

As a manufacturer, our top priority is customer satisfaction. Our team of skilled craftsmen ensures that each product is made with precision and attention to detail, using only the best materials available. We also value feedback from our customers and use it to continually improve our products and services.

Our goal is to create long-lasting relationships with our customers based on trust, quality, and reliability. We take pride in our work and strive to exceed our customers' expectations.
